Architecture

WORK EXPERIENCE

MAY 2017 PRESENT

Felly’s Flowers

Sales Associate *Madison, WI*

- Create aesthetically pleasing signage, primarily in chalk, to both decorate the store and encourage sales of flowers and giftware.

SEPTEMBER 2015 MAY 2017

Epic Systems

User Experience Designer *Verona, WI*

- Acted as lead designer, as well as both design reviewer and consultant, on 5 to 10 simultaneous projects, with pressing daily, weekly, and monthly deadlines.
- Executed user centered design principles to effectively use graphical and typographical cues to create software that handles complexity with elegance and whimsy.
- Planned and facilitated a variety of usability studies, from eye-tracking to user interviews, which addressed and confirmed specific design decisions.
- Collaborate with designers, physicians, and other subject matter experts to create and refine a design language that will support patient safety.
- Created compelling graphics and presentations to showcase the software to current and prospective customers.

JUNE 2014 AUGUST 2014

Epic Systems

User Experience Design Intern *Verona, WI*

- Worked with a team of 5 interns to create a comprehensive, chronological, and interactive view of a patient’s medical history, using the design process and usability research.
- Presented the finished software program and project to 300 individuals: interns, developers, user-experience designers, and project leaders.
- Continued to work on the project as a full-time designer, using the internship project as the foundation for a released to customer system.
